Memo to File / Randy Lyman  
1809 N Yulan

This office received a stormwater complaint from the Health Department who had a complaint from a neighbor of pool filter backwash being discharged from 1809 N. Yulan. Mrs. Paul Kemm was contacted at the home and after talking to her husband, agreed to reroute the backwash to the sanitary sewer. She expressed concern that the pool is about one year old, and had been installed by Doug's Pool, with several inspections by Building Regulations Inspectors. After talking with John Buchholz, it appears it is the policy of Building Regulations to require discharge of filter backwash to the storm sewer.
